Do you have “land legs”?

- Out to sea for many years
- Are you ready to change?
- Is someone waiting for you?
- Will you take the walk on the gang plank?

Where is your treasure?

- Is it buried in a safe place?
- Is it easy to find and access?
- Is it diversified?
- Is there enough?

Treasure from the ship's owner!

- Is there treasure saved from the owner?
- When can you get to it?
- How much will you get?
- How long will you receive payments?

The King will share the treasures!

- The King authorized the keeper of the Treasury to share with you.
- How much will you get?
- When will it start?
- How long will you receive the treasure?

You sent gold coins home

- Gold coins sent home during lifetime?
- Where did you send them?
- Are they in the best place?
- Do you know what to do with them?

Pirates attack!

- Pirates attack and take part of your treasure.
- Do you have a plan to adjust?
- Will part of your treasure produce more?
- Do you have enough time for the value to recover?

Defenses are down – sickness!

- You get sick on land.
- Are you prepared?
- Can you dig up more treasure if you need?

You are in a bar fight!

- The fight does not go well.
- Does your spouse or children know where your buried treasure is?
- Do the right people know where to look?
- Can they access it?
- The King may order someone to stop them.

Living on land requires a plan.

- Is your land course “charted”?
- Do you have the instruments you will need?
- Is it Ok if the course changes?
- Can you go back to sea?
