Annually, MTAW develops training sessions to assist municipal treasurers with a means to keep abreast of changes affecting their increasingly difficult role in municipal government.

The annual Spring and Fall 2-day conferences are held throughout the State to provide training and career development opportunities and updates on current State and Federal legislation. In addition, the eight districts host 1-day training sessions locally on current issues including investments, regulations, taxes and more.

MTAW is dedicated to helping new treasurers learn the profession. A New Treasurers Class is offered each year before the Spring Conference; topics include basic treasurer duties, levy limits, property taxes, delinquent personal property taxes and chargebacks, lottery credit, investment policies, TIF, budget preparation and more.
